Q1: Snowbird's CEO Bob Bonar gave Commissioner Ellertson \$3500 in 2012. Now Snowbird wants to negotiate with our county.

I believe charges should be pursued against Ellertson. This is only one of countless examples of how our government is corrupt. I believe there should be investigations into any and all money received by Mountain Accord AND AFC Vision, and charges should follow accordingly.

Q2: AFCVision received \$50k from Snowbird they should

Q7: What would you like to see happen as the processes move forward?

Charges should be pursued to elected officials who accepted money from Snowbird, AFC Vision and who are on the "Stakeholders" list of same.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon?

From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

I am an avid ATV and 4x4 driver in AFC. However, I would like to see some kind of restrictions on how ATV Riders and groups speed through the canyon above Tibble Fork. Perhaps a speed limit of some kind?

Now, having said that - I would also like to see American Fork Canyon remain in the same state it currently is - allowing freedom to those who access it without regulation.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

I believe it should remain the way it is. It is kind of self-regulated on how many people come into the area. If the parking lot is expanded, more people will come. Those that come up already expect it to be crowded and they still find somewhere to park whether it be above the Tibble Fork parking lot, or above.

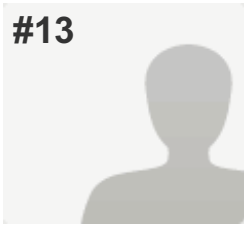

Q11: Do you have any other comments, questions, or concerns?

I still cannot believe that there is an entity outside of Utah County who is attempting to take control of an area outside of their jurisdiction. Even at that, how can MA claim ANY kind of jurisdiction? I believe there should be a full out investigation and audit of Mountain Accord and AFC Vision, as well as Save Our Canyons and all parties involved - Snowbird as well, since they seem to be funding a large portion to let MA exist.

Q1: Snowbird's CEO Bob Bonar gave Commissioner Ellertson \$3500 in 2012. Now Snowbird wants to negotiate with our county.

Commissioner Ellertson should recuse himself with Snowbird or AF Canyon negotiations (no label)

Q2: AFCVision received \$50k from Snowbird they should Return the money

Q3: How important is it to you that elected officials disclose any conflicts of interest specific to Snowbird

(no label) Critical it happen

Q4: How much trust do you have in elected county commissioners ability to make the right decisions? A moderate amount of trust

Q5: How much trust do you have in elected mayor ability to make the right decisions? A moderate amount of trust

Q6: In what city do you live?

Lehi

Q7: What would you like to see happen as the processes move forward?

Ellertson be removed from any and all involvement with American Fork Canyon! AFCVision removed from any and all involvement with American Fork Canyon! Any further dialogue done with full financial disclosure of any and all elected officials with any and all decisions made pertaining the future of our canyon made by residence of Utah County.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

I would like to see Snowbird not expand one foot farther into Utah County. Absolutely no new zoning or commercial expansion in The canyon.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

No! Parking is adequate. I have always found parking at Tibble Fork. Even in busy holiday weekends.

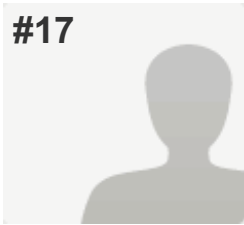

Q11: Do you have any other comments, questions, or concerns?

Every elected official with even the slightest interest in this process needs to fully disclose who contributed to their campaigns. There is more than one rat in this kitchen.

American Fork

Q7: What would you like to see happen as the processes move forward?

AFCV disbanded. It makes no difference if they return the 50K at this point; they have proven they are not to be trusted. Anyone who has received money from Snowbird and falsely represented Utah County should be removed and face prosecution. Utah County needs to do whatever they need to do in order to stop this unlawful attainment of public land for private enterprise.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

#1 Stop private enterprise (Snowbird). #2 Set laws to protect and preserve American Fork canyon. #3 Educate the public to respect and preserve our canyon.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Some limits need to be set in this regard. ATV use must be limited to designated trails only with strict enforcement of sound and speed. Parking will be a challenge and is just one of many issues that will need to be addressed by a legitimate committee dedicated to protecting and preserving the natural beauty of the canyon.

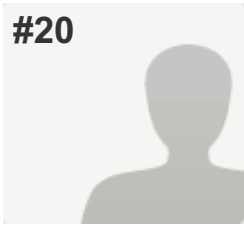

Q11: Do you have any other comments, questions, or concerns?

No private enterprise, ever, period!

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

I don't want it to be expanded. I would rather have a more natural environment rather than a concrete jungle.

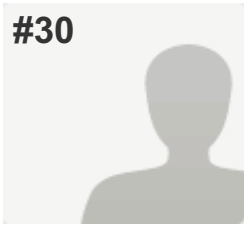

Q11: Do you have any other comments, questions, or concerns?

I cannot attend the meeting on July 1st and would like to know how MA has any kind of authority to claim Utah county land in a proposal. With their acquisition of a Utah State Grant under their current charter, are they breaking the law in any form and do they need to return the money? How much conflict of interest do either MA and AFC have within their own organization. Is there an alliance between the two? Why is AFC asking for money from MA?

Q7: What would you like to see happen as the processes move forward?

I would like to see the citizens of Utah county have a voice in deciding what happens to land in Utah county.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

It being developed. I Like it the way it is and if they develop just a little for now it will be a slippery slope from there.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

It's a bad thing. There should only be as many vehicles allowed as there is room for as it is right now.

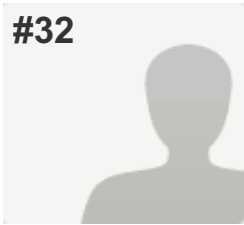

Q11: Do you have any other comments, questions, or concerns?

Why have we been kept in the dark for so long? Why doesn't Utah county have any representation regarding Utah county land. And I'm concerned that money is going to be the deciding factor here, instead of what the people want.

I don't know the details about all the plans but I do know that a lot of people drop their trucks/trailers off at tibble fork so they can trail ride. The parking lot is always busy on the weekends, so if it can be expanded with minimal damage to the canyon, I think it would be ok. If it can't be minimal, we've lived with it for this long.... leave it!

Q7: What would you like to see happen as the processes move forward?

Open public meetings, elected officials stepping out if they've taken money from Snowbird or its minions, and ultimately, protection from developers and speculators who'd profit unfairly at the public's expense.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? www.americanforkcanyon.com

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

A fake public interest group and a corporation shouldn't be allowed too steal an irreplaceable public resource.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Muscle powered access is fine. It's a watershed and borders a wilderness area. Limit motorized access to preserve resources that should be preserved for everyone to enjoy. Condos and parking lots? Bloody hell.

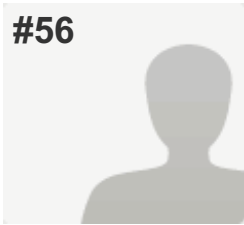

Q11: Do you have any other comments, questions, or concerns?

Thanks for exposing the corruption, conflicts of interest, and suborning of what should be a democratic process.

Q7: What would you like to see happen as the processes move forward?

Utah County (American Fork Canyon) removed from Mountain Accord plans

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Aside from the obvious need to prevent Snowbird development and gondolas, 1. Preserving it in the face of high public usage 2. A little more trail maintenance could increase safety and possibly decrease erosion on some trails 3. Assuring quality of road to Silver Lake Flat

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

It depends on how much it is expanded and on the environmental impact of expanding the parking. In my experience it is adequate except for a few weekends a year (granted, I usually go elsewhere on those weekends).

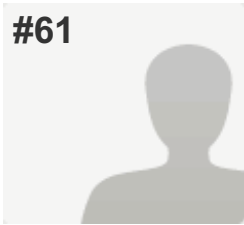

Q11: Do you have any other comments, questions, or concerns?

Please keep American Fork Canyon out of the Mountain Accord deliberations, and assure transparency of all those involved. I hate to suspect that more of a money trail may come to light, but this process involves both business and politics, and the less forthright any interested party seems, the more I can't help but wonder what details have not yet been disclosed.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Over crowdedness.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Very bad. Its a zoo up there. If anything the parking lot needs to be smaller because then the canyon would be less congested and be more pristine.

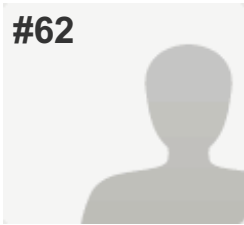

Q11: Do you have any other comments, questions, or concerns?

I wish that there were less ATV's and cars. I would like to see a lot more hikers, cyclists, rock climbers, and fishermen up the canyon. Motorists sometimes discourage other low impact activities.

Q6: In what city do you live?

Provo. But only recently moved here. I grew up in American Fork and spend a lot of time in AF canyon.

Q7: What would you like to see happen as the processes move forward?

I want public input. A lot of public input. It's public land and the public should have the last word in how it is handled.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

AF canyon is a popular destination because it is still a natural canyon. It is mostly undeveloped. It maintains it's wilderness quality. People love it for that quality. Because it has become so popular and has times when it is quite crowded, there are some things that could be done solely to control overcrowding. Maybe an odds and evens entrance control like I've heard used elsewhere. Licence plates with odd numbers can enter on odd numbered calendar days and vice versa for evens. I think there is also enough room to pave or gravel a bike lane up the canyon. It can be rather dangerous in spots for bikers only because there is no shoulder graveled in, though there is space for it. Overall, the canyon should remain as it is. It is unique now in that all the other canyons have been developed and invaded and wildlife pushed out. AF canyon is still teaming with wildlife. The wildlife should take presidance over all else.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

I don't think that expanding parking at Tibble Fork would be much of a solution. One thing I think that would be beneficial would be creating a separate lot for those who load and unload ATV's. Then make Tibble Forks lot "lake use" parking only. It does get anoying to go up for some fishing and see half the lot full of trailers.

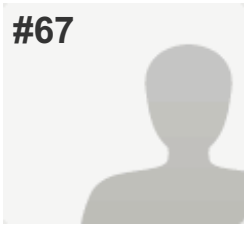

Q11: Do you have any other comments, questions, or concerns?

I fail to understand why a few people outside of Utah County get to make decisions for Utah County that will affect so many citizens in Utah County. It's Utah County public land who's use should be decided by Utah County public.

Q7: What would you like to see happen as the processes move forward?

AFCVision seems to be just a vehicle to try to drum up public support for the Snowbird/AF Canyon land swap in Utah County. I don't think they are serving any useful purpose. They should be disbanded and unspent funds returned. The Mountain Accord process has violated their charter by going beyond Salt Lake County, Summit County and Wasatch County boundaries. Utah County land should be removed from that process. If Snowbird wants to develop their existing land in AF Canyon they need to go through the usual zoning and building permit process in Utah County. If they desire to obtain additional Forest Service lands in AF Canyon that needs to be approved by a Utah County body similar to Mountain Accord.

Commercialization and Privatization of AF Canyon should be stopped.

I think a modest expansion is reasonable - or if another nearby parking area could be created that would be good.

Q7: What would you like to see happen as the processes move forward?

AFC Vision ended as they have no authority and are tainted at this point. Cities, water districts, general public work with the county to continue to protect AF Canyon. All cities should already be planning on how to handled the expected increase in population. As far as AF Canyon no commercializations and work toward more protection

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Increased use by all users address cyclists concerns but do not widen the road it will ruin the canyon considered specific times when cyclist can ride the loop and advertise well so other users are aware of their presents. Keep in mind that of the 365 days in a year there are only a few high use days that should not dictate the end decision

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Bad some good discussion is needed regarding how to handle all of the trailers hauling atv's snowmobiles etc. if it's built they will come maybe keeping it as is will help with overuse

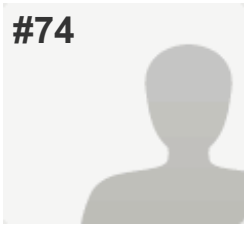

Q11: Do you have any other comments, questions, or concerns?

I believe land should stay public and protected by age forest service that's their specialty. Leaving monitoring and protection of private land use to the county commission is wrong somehow they have yet to understand what watershed means and snowbird is literally shitting in af city citizens drinking e
Water

Q7: What would you like to see happen as the processes move forward?

Gygi and Ellertson need to come clean with the public and quit hiding information and having private back door meetings. Both should recuse themselves immediately from any further meetings, dealings, public support, or promotion of this deal! They should not give the impression they speak for their cities and counties when they do not!

Q3: How important is it to you that elected officials disclose any conflicts of interest specific to Snowbird

(no label) Critical it happen

Q4: How much trust do you have in elected county commissioners ability to make the right decisions? A little trust

Q5: How much trust do you have in elected mayor ability to make the right decisions? A little trust

Q6: In what city do you live?

Orem

Q7: What would you like to see happen as the processes move forward?

I would like to see Snowbird's land swap in AF Canyon be denied. I'd also like to see Utah County deny Snowbird any building and development permits on the land they own in AF Canyon. Bottom line: Keep existing public lands in the hands of the public and ensure there is no new development in AF Canyon.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Expansion of snowbird—I'd like to see no new development.
Higher levels of permanent protection for the public land in American Fork Canyon, whether be wilderness, national monument, or other protection designation.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Bad thing. More parking will encourage more use. It seems to only be at capacity a handful of days a year.

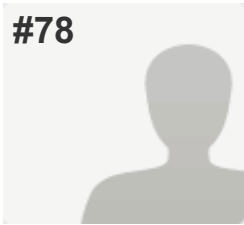

Q11: Do you have any other comments, questions, or concerns?

Respondent skipped this question

Q12: Will you be attending July 1st 6pm-10pm Public Meeting at American Fork High School with Comissioner Bill Lee and State Auditor John Dougal??

Q5: How much trust do you have in elected mayor ability to make the right decisions? Not any trust at all

Q6: In what city do you live?

Cedar Hills.

Q7: What would you like to see happen as the processes move forward?

Utah County and its residents must be involved in any process. Ultimately, I want American Fork Canyon left alone.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

1. Overall popularity/use.
2. Off-road motorcycles on trails.
3. Enforcement.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

I would not support expanded parking at Tibble Fork. This area of the canyon is at, or near, its capacity. I am not sure how many vehicles should be allowed in this area, but it should strike a balance between access and protecting the dignity of the canyon.

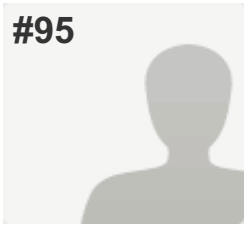

Q11: Do you have any other comments, questions, or concerns?

American Fork Canyon is the last large, mostly undeveloped canyon along the Wasatch Front. Every measure possible should be taken to preserve this canyon.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Bad thing enviornmentally, but may be necessary. That parking lot is extremely crowded during the weekends and is a safety issue as more ATV trailers are parking along narrow roadsides. How would access be limited? Reservation? First come first serve with a cap set each day? There is no ideal solution.

Q7: What would you like to see happen as the processes move forward?

I feel like all voting should be held off until the actual stakeholders (AF and Cedar Hills residents particularly, and other vested UT county residents) have an opportunity to voice their concerns in a public hearing. I'm sick and tired of the way this is being handled, behind closed doors and the "hurry-up" process. If it is a good deal, it can wait until the public has had a chance to weigh-in. Also, I want to see the mayors of the most affected cities represent their constituents, not their pocketbooks. They are elected to represent their city, now they need to show that they deserve the trust they ask for.

Commissioner Ellertson needs to explain himself quickly. I have lost complete trust in him as my elected official. He has already lost my vote in any kind of re-election campaign. Bill Lee is the ONLY person who has responded to my emails (I have emailed all 3 commissioners and my city mayor). Mr. Lee has earned my vote if he chooses to run again, depending on if he can keep his promises to represent me.

Q6: In what city do you live?

American Fork

Q7: What would you like to see happen as the processes move forward?

I would like a clean and transparent process. I'd like to see the land swap in AF Canyon removed from Mountain Accord. If Snowbird is allowed to proceed with their development, there should be no public paid changes to roads and facilities in AF Canyon. In a perfect world, Snowbird stays where they are. It is unhealthy for Utah County to lose revenue to SL County as that is where Snowbird does business. Likewise, the businesses that bring revenue to UC should have first dibs on the UC workforce.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Fair process with proper representation

Remove those who accepted donations, all expense paid trip to Europe, and/or didn't include their constituents. They had their chance when elected. They have shown their ethics.

Preserve winter recreation in back country, preserve the rivers and lakes. Do not widen roads or build facilities to support Snowbirds business development without a comprehensive environmental study and Snowbirds funding.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

A bad thing. The parking is sufficient. Increase in parking spaces increases traffic on the mountain which will have a negative impact on the environment.

Q7: What would you like to see happen as the processes move forward?

Remove the 416 Acres in AF Canyon from the Mountain Accord recommendation and let Utah County have it's own Mountain Accord process then deal with Snowbird at the end of that process

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Newspaper

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Don't destroy the paved roads in AF Canyon by expanding them. Make the roads a scenic byway and keep them as they are for all to have the experience of driving on such a beautiful mountain road.

Don't change what AF Canyon is and provides. It's clear that it is meeting a unique need that isn't available in other canyons and it shouldn't be changed to become like the other canyons.

Try to find a way to provide more of what there already is so more people can enjoy what it has to offer.

Don't require mass transit in the canyon. It is a canyon that is enjoyed from a vehicle. There is so much to do there and you need a vehicle to do much of it although not all of it requires a vehicle.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

It probably needs to be expanded as the population grows but ideas need to be considered on how to limit the use on weekends and holidays when it can be overused.

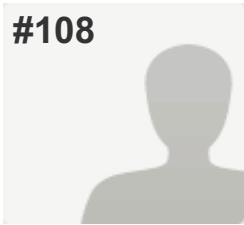

Q11: Do you have any other comments, questions, or concerns?

Do not allow a gondola in AF Canyon. That would change the nature of the canyon completely and generate a different kind of use in the canyon and crowd out the uses that are already there. There are other canyons that offer a gondola experience but only AF Canyon offers what it offers. With other uses it would put pressure on expanding the roads and that would also destroy the canyon.

Q5: How much trust do you have in elected mayor ability to make the right decisions? A little trust

Q6: In what city do you live?

Orem

Q7: What would you like to see happen as the processes move forward?

Utah County must absolutely have a say in what happens with the land parcels in its county.
No commercial monopolies of what is currently public land, and limit commercial buy-outs of land, water rights, etc.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Slow entrance into the fee gate area/congestion.
Parking for Timpanogos/Timponee trail overcrowding, with parking on the side of the road.

Narrow roadway does not easily accommodate motorist/cyclist 'share the road' travel on busy days.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

I do not frequent Tibble Fork--do not know.

Q11: Do you have any other comments, questions, or concerns?

Utah already has a healthy, vibrant skiing community. Leave it on the other side of the mountain. They've clear-cut and carved and cordoned it off to their pleasure.

We don't need more clear-cut ridges for ski runs--they leave scars upon the mountains, especially visible in the spring/summer months.

We don't need gondolas and further commercialization and development.

As for access once the lands are sold off--ask anyone who wants to snowshoe up Big/Little Cottonwood canyons--there are all sorts of restrictions, and I know personally of people who have been asked to leave certain areas--with threat of citation if they did not.

We have the opportunity to keep *one* canyon free of all the clutter and 'noise' and control commercial development inevitably brings.

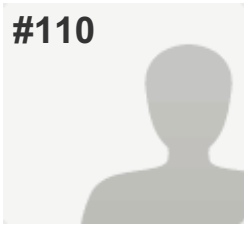

American Fork canyon should continue to be the public, multi-use canyon it is--for generations to come.

It would be shame to let a few people with big pockets and back-door deals change all of that.

Q5: How much trust do you have in elected mayor ability to make the right decisions? Not any trust at all

Q6: In what city do you live?

Cedar Hills

Q7: What would you like to see happen as the processes move forward?

Transparency, every move and decision out in the open.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

To keep this simple, I don't want it to be another Cottonwood Canyon, I am an avid goer to AF Canyon (every other weekend) and don't want it commercialized.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

The past few years the water level is down, so I couldn't imagine trying to pack more people into that area. Hold off on expansion.

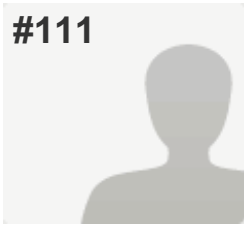

Q11: Do you have any other comments, questions, or concerns?

Thank you for letting the public protect what they love and care about. Our voices must be heard!

Q7: What would you like to see happen as the processes move forward?

Honesty, All crooked people with this deal removed from any office they hold. And publicly exposed for what they have done.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

1. This canyon was free to the people.
2. Those in charge of the Canyon, Where did all the Federal money go that you took how ever long ago.
3. Why is there a difference in cabin property from Silver lake to Tibble fork. One is I here \$1500. the other \$3000.
4. Why is Cedar Hill's Mayor taking money from Snow Bird.
5. No more closed door meeting.
6. Snowbird needs to stay on their side of the mountain and any property deals they have secured should be giving back to American Fork Canyon.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Parking at Tibble Fork would be Good. As the People over the Cabin Property our forcing the cabin owners to park in other place's. Like in the winter and other times giving the others that want to enjoy the lake no room to park. Several time last you there was no parking when I took my Grand kids to Tibble Fork so I went to another lake. As I see it the canyon is going to Hell real fast.

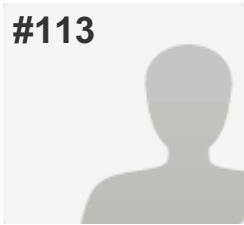

Q11: Do you have any other comments, questions, or concerns?

My wife's family has enjoyed the Canyon since the early 1900's. I've enjoyed the Canyon since early 80's. Its a shame I have had to go else where with my grand kids already the last couple of years.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

Safety for non-motorized users, i.e. cyclists. Many drive far too fast for the windy roads, and some structural change to reflect the current user groups would be fantastic.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Parking does tend to run down the canyon on the sides of the road when it's super busy, but I can't justify building for the busiest part of the season only to have it sit empty for significant portions of the year.

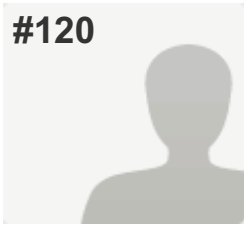

Q11: Do you have any other comments, questions, or concerns?

Mayor Gygi and others who are being bullheaded about this are absolutely in the wrong and must focus on what the general populace has to say. Protect the canyon and leave it alone.

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

None!!!!

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Leave it alone. It is ample!

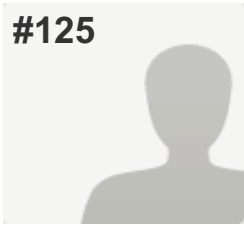

Q11: Do you have any other comments, questions, or concerns?

Mayor Gygi is not doing his job for the people he represents. He needs to be Gone! Snowbird is corrupt in their dealings, sneaking around cities and officials who should have the opportunity to voice their opinions. This whole process is being handled in corrupt fashion. I don't trust any of them.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? Protect and Preserve American Fork Canyon on FB

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

There is a lot of pressure in the canyon. It's enjoyed by many, many people for a variety of activities. That's why we need to make sure it stays preserved for future generations. We all need to respect the beauty. We believe the biggest challenge is over_use.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Bad thing. Maybe 50 or so, as, many have trailers with them.

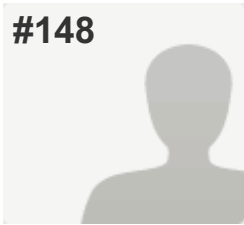

Q11: Do you have any other comments, questions, or concerns?

My husband has lived in Am Fork his entire 60 years of life. American Fork Canyon is his favorite place in the world. He hunts, hikes, horseback rides, snowmobiles, 4-wheels, fishes there. We drive up there 2 or 3 times a week, just to get his "AF Canyon fix"- he has spent thousands of hours in that canyon. Our grandkids call it "Anderson Mountain" because he takes them up there & knows every trail, road, peak to see. We are extremely concerned about this Snowbird deal. It scares us to think that someday all this natural wilderness beauty will be taken over by gondola, condos, traffic, etc. -The canyon should always be for EVERYONE!

Q7: What would you like to see happen as the processes move forward?

No Comercial ism of the canyon to resorts

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon? From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

I would like to see the canyon stay as it is. Other canyons that have been invaded by the resorts have been compromised in that in the mindset of making money and building attractions they are no as natural when I go up the canyon it's to be away from all of that and enjoy the beauty and peacefulness there. It would ruin the experience for myself and alot of other people who enjoy it for what it is.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

Undecided

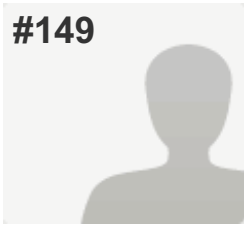

Q11: Do you have any other comments, questions, or concerns?

I do not want the resorts to expand into the canyon they have already taken over so many beautiful places and reduced them to pay venues for this or that attraction. We have enough of them here along the Wasatch front it would be nice if we kept some place just to remain undeveloped for others monetary gain or business ventures
