RE: GRAMA Request for Records

Dear Ms. McCoy,

Attached, please find a large portion of the records you have requested from Utah County. It is my understanding that Commissioner Bill Lee has or will respond to your request separate from this response. Please contact me if you feel his response is unduly delayed. Other than the two exception listed below, Utah County is providing all records that are responsive to your request.

Records from either the Utah County Planning Commission or Board of Adjustment are not included as any responsive records they posses were provided in response to your previous request and providing them again would be unreasonably duplicative under Utah Code 63G-2-201(8)(a)(iv). Additionally, records subject to the attorney client privilege are not provided because they are protected records under Utah Code 63G-2-305(17).

There may be a fee charged for compiling, formatting, searching and retrieving the records for your request under Utah Code 63G-2-203(2). If a fee is to be charged we will contact you by separate communication.

Sincerely,

A blue ink signature of Paul Jones, written in a cursive style.
