No,

Concerns? Please share here.

They never cared enough to have one of our county members on their committee. And Larry Ellertson as well as Mayor Gygi should have no say over who is on this Utah County steering committee.

**Q9: What groups should be represented on the steering committee?**

Mountainland Association of Governments,

Save Our Canyons, Sundance Resort,

Timpanogos Cave National Monument,

U.S. Forest Service,

Central Utah Water Conservancy District,

Utah County, Wasatch County,

Wasatch County State Park,

Protect and Preserve American Fork Canyon,

Others?

Members of the community also need to be included. Especially the communities of Alpine, Highland, American Fork, Pleasant Grove and Cedar Hills.

**Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?**

Mayor Gygi: He is already in the pockets of the Snowbird people and Mountain Accord.

**Q11: What cities should be represented on the steering committee?**

Alpine, American Fork, Cedar Hills,

Silver Lake Home Owners / Tibble Fork Home Owners

Highland, Pleasant Grove, Linton

**Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?**

Continue to PROTECT AND PRESERVE our beautiful canyon!! You are wonderful and we are grateful.

**Q15: What did we miss / what can we do better?**

You are doing so well. I am so impressed.

**Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost**

No,

What were your impressions?

But I did listen to it and I am so unimpressed with Bob Bonar. He is not interested in our county. He is interested in the dollar.

**Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost**

Yes,

What were your impressions from the meeting?

I loved the meeting and the public support for preserving our canyon is so positive. Mayor Gygi, however, made me ashamed to be a resident of Cedar Hills. He should recuse himself and step down from being Mayor of our fine city. I am so grateful for Mark Allen, Willie Holdman, Bill Lee and all the others who are fighting so hard.

Bonar only wanted to tell us what he wanted to. When asked some hard questions, he just passed it off and said he had no comment for that.

**Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost**

Yes,

What were your impressions from the meeting?

If we all stay connected and keep the pressure on, we will be able to accomplish great things in regards of the canyon.

**Q7: The creation of the steering committee should be created in the following manner ...**

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

I would suggest the following modification to the choices given.

I think it should consist of one appointee from each city, and should be that city's mayor, city council member or city manager. The cities should be PG, CedarHills, AF, Lehi, Highland and Alpine. Then also one county commissioner, one state senator (Al Jackson) and one state house member (Mike Kennedy). Once they reach a decision, they should have to take it back to their respective cities for a full vote by their council. No back room dealings and full transparency.

No

**Q9: What groups should be represented on the steering committee?**

Utah Elected Officials, Utah County,  
Protect and Preserve American Fork Canyon,  
UDOT - Utah Department of Transportation

**Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?**

Anyone who has accepted more than \$500 in gifts or donations from Snowbird. That means Gary Gygi and Larry Ellertson.

**Q11: What cities should be represented on the steering committee?**

Alpine, American Fork, Cedar Hills, Lehi,  
Silver Lake Home Owners / Tibble Fork Home Owners

Everything you are doing now. Also we need our County to pass a bond to buy up critical conservation easements, or pay landowners (like Snowbird) to put their land into conservation easements.

I would suggest the following modification to the choices given.

None

**Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.**

Not sure,

Concerns? Please share here.  
I think Save Our Canyons has demonstrated that they are really concerned with certain canyons, but don't care as much about American Fork Canyon. I think their role would best be served by PPAFC. I'm not sure why UTA should be involved because I don't think mass transit fits into AF canyon. The others are stakeholders and should be involved.

**Q9: What groups should be represented on the steering committee?**

Snowbird Resort, Utah Elected Officials,

Timpanogos Cave National Monument,

U.S. Forest Service,

Central Utah Water Conservancy District,

Utah County,

Protect and Preserve American Fork Canyon,

UDOT - Utah Department of Transportation,

Others? No

**Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?**

I think any individual who has financial interests (ie personal property, campaign donations) that would be directly involved in certain outcomes, should recuse themselves. So far we know that Commissioner Elertson and Mayor Gygi have such ties and should recuse themselves. Others with similar interests should also recuse themselves.

**Q11: What cities should be represented on the steering committee?**

Alpine, American Fork, Cedar Hills, Lehi,

Silver Lake Home Owners / Tibble Fork Home Owners

Highland, Pleasant Grove

**Q12: Are there any groups not represented who you think really should be on the steering committee?**

No

**Q13: Are there any elected officials who you think should not be on the steering committee?**

No

**Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?**

I want them to continue to fight to protect AF canyon from commercial development. I hope they also take the lead in helping to determine what is best for future public use. I hope that my children and future generations can enjoy the beauty and history there without having to pay fees for every little thing (like snowbird wants to do). There will be other interested businesses and individuals that want to make dramatic changes in the future. I hope PPAFC will keep the public informed so input can be made.

**Q15: What did we miss / what can we do better?**

Thanks for doing such a great job under such a time crunch and heavy political pressure. Please help keep us informed.

## PAGE 1: Do you support draft Resolution A or draft Resolution B?

**Q1: Which Resolution would you prefer to see the Commissioners pass on Tuesday July 7th 2015? Do you have things that you would like to see modified in either draft?**

I would like to see changes made, including: Resolution A needs to include a statement that Commissioners will protect the current land Snowbird owns by no longer approving adjustments for additional buildings and expansion including special use permits like the upcoming Dirty Bird. Also a strong statement of resolve protecting our critical water shed.

**Q2: I believe Resolution A is the better choice.**

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

I would suggest the following modification to the choices given.  
Combination for elected officials, public and business who would be excluded from future committees. AFC Vision does not include all of the impacted cities only AF and Cedar Hills why is that?

**Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.**

Yes,

Concerns? Please share here.  
Forest Service is a must. SOV, should be involved since they are leading the proposal to make land from Parleys to Provo Canyon National Monument or National Recreation Area.. again this has been discussed without Utah County representation

**Q9: What groups should be represented on the steering committee?**

Save Our Canyons, Sundance Resort,  
Utah Elected Officials,  
Timpanogos Cave National Monument,  
U.S. Forest Service,  
Central Utah Water Conservancy District,  
Utah County, Wasatch County,  
Wasatch County State Park,  
Protect and Preserve American Fork Canyon,  
UDOT - Utah Department of Transportation,  
Others?  
Tibble or Silver Lake Cabin Owners as well as other private property owners in the Canyon other than Snowbird

**Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?**

Any member who has accepted money or gifts from Snowbird or other entities that stand to gain from decisions made about AF Canyon

**Q11: What cities should be represented on the steering committee?**

Alpine, American Fork, Cedar Hills, Lehi,

Orem, Provo, Saratoga Springs,

Silver Lake Home Owners / Tibble Fork Home Owners

,

Highland, Eagle Mountain, Pleasant Grove,

Payson, Genola, Salem, Santaquin, Elk Ridge, Woodland Hills, Springville, Spanish Fork

,

Lindon

**Q12: Are there any groups not represented who you think really should be on the steering committee?**

Horsemen, ATV, Back Country Skiers, Day use Canyon users,

**Q13: Are there any elected officials who you think should not be on the steering committee?**

JH Hadfield, Gygi, Ellertson

**Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?**

Continue to inform the public, act as watch dog over the process, continue to research and find out what has happened and why. Have lines been crossed and laws broken by Snowbird ..

**Q15: What did we miss / what can we do better?**

*Respondent skipped this question*

**Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost**

Yes,

What were your impressions?

Bonar was evasive and defensive. I felt like Snowbird will do whatever they want at the end of the day and ask for forgiveness if they expanded without lawful permission.

**Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost**

Yes,

What were your impressions from the meeting?

A diverse group of Canyon users are united in stopping Snowbird from expanding. Cedar Hills has issues that need to be separated from the greater picture of protecting the canyon.

More public reps-- such as horsemen, hunting, fishing, hiking, biking, off-road group reps. The preservation of the Canyon should include voices of the people who use it for recreation.

Placing a State Govt representation who have shown to be pro-development and a movement away from public ownership would be concerning.

**Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?**

The focus must remain on the goal and not get caught out in the weeds of special interests. PPAFC is successful because an anti-hunter is standing with a hunter and a Horseman is standing with a motorcyclist.

**Q15: What did we miss / what can we do better?**

I would offer the suggestion that the rhetoric of the "rich" and "7 figures" be dropped from the message. It isn't about the "rich" gaining development in the Canyon-- it is about the Canyon being developed. I'm not rich, but wince every time people say they are against the development because of social status.

A broad range of people and interests represented. Well done and great turnout. Would have been better attended with a smaller time window-- 7-9.

**Q7: The creation of the steering committee should be created in the following manner ...**

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

**Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.**

Yes,

Concerns? Please share here.

Mountain Accord should be allowed as long as there are equal representation from other interested parties, elected officials and grass roots groups. The Forest Service has to be involved, UTA and UDOT should be considered as interested parties only.

**Q9: What groups should be represented on the steering committee?**

Mountainland Association of Governments,

Sundance Resort, Utah Elected Officials,

Timpanogos Cave National Monument,

U.S. Forest Service,

Central Utah Water Conservancy District,

Utah County, Utah Transit Authority,

Wasatch County, Wasatch County State Park,

Protect and Preserve American Fork Canyon,

UDOT - Utah Department of Transportation,

Others? Division of Natural Resources

**Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?**

Mayor Gary Gygi, he cannot be trusted

Commissioner Larry Ellertson, he doesn't appear to be on board

**Q11: What cities should be represented on the steering committee?**

Alpine, American Fork, Cedar Hills, Lehi,

Provo, Saratoga Springs,

Silver Lake Home Owners / Tibble Fork Home Owners

,

Highland, Pleasant Grove, Lindon

**Q12: Are there any groups not represented who you think really should be on the steering committee?**

Division of Natural Resources, NUCWCD

**Q13: Are there any elected officials who you think should not be on the steering committee?**

Mayor Gary Gygi, Commissioner Larry Ellertson

**Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?**

Continue as an outreach for public awareness and involvement, teaming up with local resources, fostering networks and relationships with multi government agencies.

**Q15: What did we miss / what can we do better?**

Keep fighting the good fight.

**Q7: The creation of the steering committee should be created in the following manner ...**

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

I would suggest the following modification to the choices given.

I don't understand this question. Aren't steering committees by definition created by elected officials? Steering committee for what? I believe that grass roots citizens groups should have a voice in the process. I believe steering committees should not always be hand-selected so as to eliminate specific groups. Certainly stakeholders deserve a voice as well.

**Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.**

Not sure,

Concerns? Please share here.

See comments on steering committees. Steering committees make recommendations to elected officials. Elected officials should be aware/concerned of the makeup of steering committees.

**Q9: What groups should be represented on the steering committee?**

Mountainland Association of Governments,

Sundance Resort, Snowbird Resort,

Utah Elected Officials,

Timpanogos Cave National Monument,

**Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?**

Continue to rally support. Continue to disseminate information. Help us understand where to exert influence.

**Q15: What did we miss / what can we do better?**

Be careful about witch hunting. Be careful about fanatical views that may be unsupported. Be careful about comments taken out of context.

**Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost**

No,

What were your impressions?

I only saw the video. It seemed a little "slick" like the decisions have already been made. I understand Snowbird has a lot of investment in the canyon. They want their investment to be profitable. I am disappointed that so much has already happened in past years with very little public information.

**Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost**

Yes,

What were your impressions from the meeting?

There is a lot of confusion still. There were many people there that have concern about the future of American Fork Canyon.
