IP Address: 67.177.49.40

PAGE 1: Do you support draft Resolution A or draft Resolution B?

Q1: Which Resolution would you prefer to see the Commissioners pass on Tuesday July 7th 2015? Do you have things that you would like to see modified in either draft?

I would like to see changes made, including: The overall verbiage is better and more concise in draft "B". However, the actual demands of complete removal of Utah County land from the Mountain accord found in draft "A" are more appropriate.

Q2: I believe Resolution A is the better choice.

(no label)

Agree

Q3: I believe Resolution B is the better choice.

(no label)

Disagree

Q4: Which Commissioner do you think best represents the concerns of the citizens to help protect American Fork Canyon?

They all should be United in purpose

Q5: How well they understand the concerns of the citizens to help protect American Fork Canyon?

Commissioner Bill Lee

Somewhat understands

Commissioner Greg Graves

Somewhat clueless

Commissioner Larry Ellertson

Somewhat understands

Q6: What is your level of confidence in the Commissioner to help protect American Fork Canyon?

Commissioner Bill Lee

Somewhat confident

Commissioner Greg Graves

Neutral

Commissioner Larry Ellertson

Somewhat confident

Q7: The creation of the steering committee should be created in the following manner ...

Trusted elected officials invite business leaders and then grass roots citizens to participate on the steering committee. Elected officials votes are equal to business leaders and grass roots organizations, but the steering committee selection process begins with elected officials.

I would suggest the following modification to the choices given.

The AFCV already has a steering committee organized. Start with that and get the grass roots group involved there. While I agree with the grass roots group, they do not have the organization, nor the pull to make a change.

Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.

Yes,

Concerns? Please share here.

However I don't think they should be voting members. We need UDOTs , the forest services, etc opinions and help. But they don't represent the people.

Q9: What groups should be represented on the steering committee?

Mountainland Association of Governments,

Save Our Canyons, Utah Elected Officials,

Utah County, Wasatch County State Park,

Protect and Preserve American Fork Canyon,

Others?

The above should be the only voting members. UDOT, UTA, Timp Cave, Forest Service, Central Utah Water, Smiwbird, Sundance, and Save our Canyons should be non-voting members.

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Respondent skipped this question

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills,

Silver Lake Home Owners / Tibble Fork Home Owners

Highland

Q12: Are there any groups not represented who you think really should be on the steering committee?

Respondent skipped this question

Q13: Are there any elected officials who you think should not be on the steering committee?

Respondent skipped this question

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

Represent the people on the steering committee.

Q15: What did we miss / what can we do better?

Respondent skipped this question

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

Yes,

What were your impressions from the meeting? Unfortunately there was not a lot of meat to the meeting. It was mostly, "this is how beautiful the canyon is and my love for/experience with the canyon". We needed more this is what's being proposed, these are the ramifications, this is the alternative, which will come through the AFCV process. In addition it was one sided there was no one from the other side of whom we could ask questions.

Q7: The creation of the steering committee should be created in the following manner ...

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

I would suggest the following modification to the choices given.

It is currently public land and so the decision of what to do with it should belong to the public. Business leaders have no jurisdiction there, and so should not be allowed to dictate the proceedings. The idea behind our country states that all men are created equal. One having more money or influence does not take away the rights of another, let alone a whole group. Take the steps necessary to uphold our constitutional rights in these proceedings. Give the power back to the people.

Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.

Not sure,

Concerns? Please share here.

I am highly suspicious of the Mountain Accord's dealings at present. I have yet to figure out why they believed they had jurisdiction over American Fork Canyon which is outside their boundaries of representation. To me, it seems an awful lot like the US deciding within itself to swap a portion of land that we have with a portion of land belonging to Canada without Canadian representation. I want everyone to be informed and for Mountain Accord to be honest in its dealings and to stay within its jurisdiction. The fact that they were going to proceed without Utah County representation makes me question whether the groups within the Mountain Accord have conflicts of interest.

Q9: What groups should be represented on the steering committee?

Utah Elected Officials,

Timpanogos Cave National Monument,

U.S. Forest Service, Utah County,

Protect and Preserve American Fork Canyon

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Respondent skipped this question

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills, Lehi,
Orem,
Silver Lake Home Owners / Tibble Fork Home
Owners
,
Highland, Pleasant Grove, Linton

Q12: Are there any groups not represented who you think really should be on the steering committee?

Respondent skipped this question

Q13: Are there any elected officials who you think should not be on the steering committee?

Those with questionable donations or investments that could be considered conflicts of interest.

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

Continue focusing on conserving an important national forest and promoting honesty in the dealings of commercial entities with civilians.

Q15: What did we miss / what can we do better?

Are there any assurances that development wouldn't encroach on the habitat of a protected species? This is an additional concern that I have. Beyond public opinion, we need to consider the environmental impact that further developing wilderness will have. The added traffic and construction could be very detrimental to habitats required for wildlife sustenance.

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

No

PAGE 1: Do you support draft Resolution A or draft Resolution B?

Q1: Which Resolution would you prefer to see the Commissioners pass on Tuesday July 7th 2015? Do you have things that you would like to see modified in either draft?

I would like to see changes made, including:
 It should have even stronger language to stop the land swap of 416 acres in the Mary Ellen Gulch area and even have possible resolutions to give the land to the National Forest Service. If Snowbird gets a hold of that land they will develop it as they see fit without any input from Utah Country.

Q2: I believe Resolution A is the better choice.

(no label)

Strongly Agree

Q3: I believe Resolution B is the better choice.

(no label)

Neutral

Q4: Which Commissioner do you think best represents the concerns of the citizens to help protect American Fork Canyon?

Commission Greg Graves,
 Commissioner Bill Lee,
 They all should be United in purpose

Q5: How well they understand the concerns of the citizens to help protect American Fork Canyon?

Q7: The creation of the steering committee should be created in the following manner ...

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

I would suggest the following modification to the choices given.
Citizens, Elected Officials, and Business Leaders all need to work together on preserving American Fork Canyon the way that we want it and not outsiders who are not part of Utah County. Ultimately Elected Officials and Business Leaders have a responsibility to answer to the Utah County Citizens and what they really want for the future of the Canyon.

Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.

Yes,

Concerns? Please share here.
Yes, but the final decisions will definitely be made by Utah County Elected Officials, Business Leaders, and Citizens.

Q9: What groups should be represented on the steering committee?

Mountainland Association of Governments,
Save Our Canyons, Sundance Resort,
Snowbird Resort,
Timpanogos Cave National Monument,
U.S. Forest Service,
Central Utah Water Conservancy District,
Utah County, Utah Transit Authority,
Wasatch County, Wasatch County State Park,
Protect and Preserve American Fork Canyon,
Others?
Everybody who has a valid interest in American Fork Canyon should be involved and especially an organized Utah County Citizens Committee to represent the average Persons and Families of Utah County!

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Respondent skipped this question

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills, Lehi,

Orem, Provo, Saratoga Springs,

Silver Lake Home Owners / Tibble Fork Home Owners

,

Highland, Eagle Mountain, Pleasant Grove,

Payson, Genola, Salem, Santaquin, Elk Ridge, Woodland Hills, Springville, Spanish Fork

,

Lindon

Q12: Are there any groups not represented who you think really should be on the steering committee?

Utah County Citizens Committee

Q13: Are there any elected officials who you think should not be on the steering committee?

Salt Lake County Officials

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

A thorough study of the American Fork Canyon environment and how it can be protected and preserved from development.

Q15: What did we miss / what can we do better?

We need to check and see if there are any options give control of any A.F. Canyon Land to the Forest Service instead of swapping it to Snowbird.

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No,

What were your impressions?

That it was a good information meeting but I do not think that Snowbird would do it again. But I do not think that they understand why local Utah County residents want to keep the canyon the way that it is - for public use.

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

No,

What were your impressions from the meeting?

I wanted to attend, but I had to work that evening.

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.

No

Q9: What groups should be represented on the steering committee?

Mountainland Association of Governments,
Sundance Resort, Utah Elected Officials,
Timpanogos Cave National Monument,
U.S. Forest Service,
Central Utah Water Conservancy District,
Utah County,
Protect and Preserve American Fork Canyon

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Commissioner Ellertson - He is knowingly in bed with Snowbird. I watched the way he treated his voters and it was clear he was more concerned with Bob Bonner than Utah County Citizens.
Mayor Gigi: What is the Mayor of Cedar Hills doing hanging out with Snowbird. Does he not know they are just using him?

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills, Lehi,
Orem, Provo,
Silver Lake Home Owners / Tibble Fork Home Owners
,
Highland, Pleasant Grove, Lindon

Q12: Are there any groups not represented who you think really should be on the steering committee?

Respondent skipped this question

Q13: Are there any elected officials who you think should not be on the steering committee?

See item 10 above.

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

We all, not just Protect and Preserve American Fork Canyon, need to continue watching and listening. Focus should also be placed on the national level with our state congressman, senators, and the forest service. In the end, the land swap is going to be between Snowbird and a Federal Agency.

Q15: What did we miss / what can we do better?

Respondent skipped this question

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

Yes,

What were your impressions from the meeting? I'm typically not impressed with most politicians but I'm very impressed with Bill Lee, Brad Frost, and Alpine's Mayor. I think they get it on two levels. 1. They understand the issue(s) and know this process is wrong. 2. They understand what a majority of their votes think and are going to represent them accordingly. Ellertson is a joke. To sit there and listen to what his voters had to say and then tell them they don't understand the facts; political suicide. Does he not understand he works for us?

Forest service needs to be a part of it but Snowbird doors not.

Q9: What groups should be represented on the steering committee?

Mountainland Association of Governments,
Sundance Resort, Utah Elected Officials,
Timpanogos Cave National Monument,
U.S. Forest Service,
Central Utah Water Conservancy District,
Utah County, Utah Transit Authority,
Protect and Preserve American Fork Canyon,
UDOT - Utah Department of Transportation

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Respondent skipped this question

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills, Orem,
Silver Lake Home Owners / Tibble Fork Home Owners
,
Highland, Pleasant Grove, Lindon

Q12: Are there any groups not represented who you think really should be on the steering committee?

No

Q13: Are there any elected officials who you think should not be on the steering committee?

Larry Ellertson

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

Keep up the good work!

Q15: What did we miss / what can we do better?

You are doing a great job. Thank you!

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

What were your impressions from the meeting? Commissioner Lee is trying hard to right the wrongs that have occurred in this process. Many of the surrounding cities elected officials are willing to provide support to the county commissioners to stop development in AF Canyon.

PAGE 1: Do you support draft Resolution A or draft Resolution B?

Q1: Which Resolution would you prefer to see the Commissioners pass on Tuesday July 7th 2015? Do you have things that you would like to see modified in either draft?

Resolution A is the best choice

Q2: I believe Resolution A is the better choice.

(no label)

Agree

Q3: I believe Resolution B is the better choice.

(no label)

Strongly Disagree

Q4: Which Commissioner do you think best represents the concerns of the citizens to help protect American Fork Canyon?

Commissioner Bill Lee

Q5: How well they understand the concerns of the citizens to help protect American Fork Canyon?

Commissioner Bill Lee

Fully understands

Commissioner Greg Graves

Somewhat understands

Commissioner Larry Ellertson

Somewhat clueless

Q6: What is your level of confidence in the Commissioner to help protect American Fork Canyon?

Commissioner Bill Lee

Completely confident

Commissioner Greg Graves

Somewhat confident

Commissioner Larry Ellertson

Somewhat worried

Q7: The creation of the steering committee should be created in the following manner ...

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.	Not sure
Q9: What groups should be represented on the steering committee?	Utah Elected Officials, Timpanogos Cave National Monument, U.S. Forest Service, Central Utah Water Conservancy District, Utah County, Protect and Preserve American Fork Canyon, UDOT - Utah Department of Transportation
Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?	
Anyone with a conflict of interest	
Q11: What cities should be represented on the steering committee?	Alpine, American Fork, Cedar Hills, Lehi, Silver Lake Home Owners / Tibble Fork Home Owners , Highland, Pleasant Grove
Q12: Are there any groups not represented who you think really should be on the steering committee?	
general citizens who use the canyon	
Q13: Are there any elected officials who you think should not be on the steering committee?	
Anyone who has accepted donations from Snowbird and has a conflict of interest	
Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?	
Continue with what you are doing, thank you!	
Q15: What did we miss / what can we do better?	Respondent skipped this question
Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost	No

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost No

PAGE 1: Do you support draft Resolution A or draft Resolution B?

Q1: Which Resolution would you prefer to see the Commissioners pass on Tuesday July 7th 2015? Do you have things that you would like to see modified in either draft?

I would like to see changes made, including: Some of the proof reading and clarification edits from Resolution B should continue, but content and intent of Resolution A is by far ore in line with protecting and preserving AF Canyon.

Q2: I believe Resolution A is the better choice.

(no label)

Strongly Agree

Q3: I believe Resolution B is the better choice.

(no label)

Strongly Disagree

Q4: Which Commissioner do you think best represents the concerns of the citizens to help protect American Fork Canyon?

Commissioner Bill Lee

Q5: How well they understand the concerns of the citizens to help protect American Fork Canyon?

Commissioner Bill Lee

Somewhat understands

Commissioner Larry Ellertson

Somewhat clueless

Q6: What is your level of confidence in the Commissioner to help protect American Fork Canyon?

Commissioner Bill Lee

Somewhat confident

Commissioner Greg Graves

Neutral

Commissioner Larry Ellertson

Somewhat worried

Q7: The creation of the steering committee should be created in the following manner ...

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.

Yes,

Concerns? Please share here.

While I understand the hesitation, as long as that representation is more informative than it is powerful, I think it could be helpful to have those voices in with the discussion.

Q9: What groups should be represented on the steering committee?

Mountainland Association of Governments,
Save Our Canyons, Utah Elected Officials,
Timpanogos Cave National Monument,
U.S. Forest Service,
Central Utah Water Conservancy District,
Utah County, Utah Transit Authority,
Wasatch County State Park,
Protect and Preserve American Fork Canyon,
UDOT - Utah Department of Transportation

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Any individual or group that has something to personally gain financially or who has already gained financially should recuse themselves from the process of determining what is best for land management and the general public, as it would be a sever conflict of interest.

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills, Lehi,
Orem, Provo, Saratoga Springs,
Silver Lake Home Owners / Tibble Fork Home Owners
,
Highland, Eagle Mountain, Pleasant Grove,
Payson, Genola, Salem, Santaquin, Elk Ridge,
Woodland Hills, Springville, Spanish Fork
,
Lindon

Q12: Are there any groups not represented who you think really should be on the steering committee?

I don't know enough about all potential parties.

Q13: Are there any elected officials who you think should not be on the steering committee?

I think elected officials should be there to gather information rather than to contribute to the discussion until the other parties make a recommendation.

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

Continue to spread the word and inform the public so all people who care about preserving pristine wilderness can understand what exactly is at stake and the cost/benefit of what is being proposed. Continue to support grass roots movements to inspire action depending on the decisions and directions of the "process" as it goes forward.

Q15: What did we miss / what can we do better?

Respondent skipped this question

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

Yes,

What were your impressions from the meeting? I was happy that there was public and political support for preventing something damaging to AF canyon. I appreciated the information and the calm, practical approach. I would like to have seen more information about what the proposal actually is (although it seems that this is what everyone is asking) and a little more about the history of Snowbird's developments in other former wilderness areas and the impact of those decisions. I would also like to know more about the land they are proposing to swap and its terrain, accessibility, and value in terms of wildlife and responsible recreation.

PAGE 1: Do you support draft Resolution A or draft Resolution B?

Q1: Which Resolution would you prefer to see the Commissioners pass on Tuesday July 7th 2015? Do you have things that you would like to see modified in either draft?

I would like to see changes made, including: Of the two options, I prefer Resolution A. However, I wonder if language should be included indicating intent to prevent land transfer not only to Snowbird, but to other commercial entities as well. I also wonder whether AFC Vision, which is mentioned prominently in the resolution, is the correct organization to oversee future planning. I surmise that the parties comprising AFC Vision may be changed, but until they can assure responsible representation on this issue I feel somewhat uncomfortable that the resolution seems to largely leave matters in their hands.

Q2: I believe Resolution A is the better choice.

(no label)

Strongly Agree

Q3: I believe Resolution B is the better choice.

(no label)

Strongly Disagree

Q4: Which Commissioner do you think best represents the concerns of the citizens to help protect American Fork Canyon?

Commissioner Bill Lee,

They all should be United in purpose

Q5: How well they understand the concerns of the citizens to help protect American Fork Canyon?

Q7: The creation of the steering committee should be created in the following manner ...

Grass roots citizens groups invite trusted elected officials and then business leaders to participate on the steering committee. Citizens votes are equal to elected officials and business leaders. But the selection process begins with grass roots organizations.

Q8: Should groups who were on the Mountain Accord steering committee also be allowed on the Utah County steering committee? Save Our Canyons, Snowbird, Forest Service, UTA, UDOT etc.

Not sure,

Concerns? Please share here.

Some of the same groups would be useful. Even Snowbird is technically a stakeholder, since they own land in the canyon. I think the problem with the Mountain Accord as it relates to AF Canyon is the absence of entities with interest specifically in AF Canyon. Snowbird, and even the Forest Service have enough competing interests that AF Canyon is easier for them to "sacrifice" in the name of "compromise" to achieve gains elsewhere.

Q9: What groups should be represented on the steering committee?

Mountainland Association of Governments,

Save Our Canyons, Sundance Resort,

Snowbird Resort, Utah Elected Officials,

Timpanogos Cave National Monument,

U.S. Forest Service,

Central Utah Water Conservancy District,

Utah County, Utah Transit Authority,

Protect and Preserve American Fork Canyon,

UDOT - Utah Department of Transportation,

Others?

Enough concerned citizens with diverse enough interests in the canyon to balance out the other organizations. Maybe PPAFC can supply enough of those type of people, but it should be discussed.

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Anyone with a conflict of interest that prevents them from effectively representing constituents. I actually have less of a problem with a Snowbird representative than with an elected official or representative of any organization who is beholden, financially or otherwise, to Snowbird or any other competing interest. I at least know that a Snowbird representative will represent Snowbird and its interests, since that would be their purpose as a stakeholder and no deception would be involved. Having Snowbird involved makes me nervous, but can they be excluded without doing the same thing we feel was done to us by Mountain Accord?

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills, Lehi,
Orem, Provo, Saratoga Springs,
Silver Lake Home Owners / Tibble Fork Home Owners
,
Highland, Eagle Mountain, Pleasant Grove,
Lindon

Q12: Are there any groups not represented who you think really should be on the steering committee?

I would like to be sure that a representative cross-section of citizen-users of the canyon is involved. For example, hikers and mountain bikers may not have a pre-existing organization to represent, but should still have voice.

Q13: Are there any elected officials who you think should not be on the steering committee?

Anyone with a conflict of interest.

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

Continue to grow and organize to inform the public and to represent concerned citizens. If chapters or subgroups need to be formed to represent otherwise previously unorganized groups such as hikers and mountain bikers, maybe PPAFC could provide an umbrella organization. Maybe PPAFC should drive a reorganized/rebooted AFC Vision-like process.

Q15: What did we miss / what can we do better?

Not bad for a few weeks. Evolve to keep this process open and honest.

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No,

What were your impressions?
I watched the video. I shudder to think what would have happened had that meeting not occurred, since the Mountain Accord process had gotten so far without Utah County involvement (I still wonder if that was by design, or if someone here knew but kept quiet). Mr. Bonar seemed surprised that his plan was not better received. At least he came to the meeting.

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

Yes,

What were your impressions from the meeting?
I was grateful that Mark and Karen and so many others rose to the occasion, grateful that several elected officials became actively engaged, sad that such a situation was allowed to develop in the first place, and hopeful that enough concerned citizens will realize how tenuous the future of our beloved wild places can be and therefore become more actively engaged in protecting these resources for ourselves and for future generations. We take too many things for granted until they disappear.

Not sure,

Concerns? Please share here.
I don't want a lot of people that have a vision for AF canyon to be a commercial canyon on a committee that decides that is what I am against. That would be handing the wolf the key to the chicken coup.

Q9: What groups should be represented on the steering committee?

Save Our Canyons, Utah County,
Protect and Preserve American Fork Canyon

Q10: Is there any representation on the steering committee that you would suggest recuse themselves? and if so, why?

Respondent skipped this question

Q11: What cities should be represented on the steering committee?

Alpine, American Fork, Cedar Hills, Highland

Q12: Are there any groups not represented who you think really should be on the steering committee?

Respondent skipped this question

Q13: Are there any elected officials who you think should not be on the steering committee?

People that have already shown that they are in favor of destroying the canyon.

Q14: What would you like to see Protect and Preserve American Fork Canyon do from here on out?

Not connect it to snowbird for sure. Not build big cabins. Preserve climbing, camping, hiking. Keep it a beautiful place to enjoy nature not another place where it is fake.

Q15: What did we miss / what can we do better?

Respondent skipped this question

Q16: Did you attend the Fox Hollow public meeting with Bob Bonar, Commissioner Bill Lee and AF Councilman Brad Frost

No

Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

Yes,

What were your impressions from the meeting?
Good information. I wish there had been more information about what I could do with neighbors.
