Q17: Did you attend the American Fork public meeting July 1st with Commissioner Bill Lee and AF Councilman Brad Frost

Yes,

What were your impressions from the meeting?
Excitement. After attending this meeting I felt much better about the future of the canyon. I also felt that there were elected leaders who understood and shared my concerns. I also felt extreme disappointment that Gary Gygi is my mayor. I do not know him as an individual, but as an elected official his is spineless and slippery. I wish Cedar Hills had a mayor like Don Watkins.

Slow their roll, gather facts and work to be collaborative and productive by building a coalition that will stand up for the longevity of the ENTIRE Wasatch Range. If we continue to look at this landscape in a fragmented way destroy the environment and divide the citizens of this great state.

Q15: What did we miss / what can we do better?

Work with organizations such as Save Our Canyons and the land managers aka Forest Service to follow a consistent process that includes and engages the broadest group of interested public as possible.

Mountainland Association of Governments,
Save Our Canyons, U.S. Forest Service,
Utah County, Wasatch County State Park,
Protect and Preserve American Fork Canyon,
UDOT - Utah Department of Transportation,
Others?
Sportsmen organizations. This greatly affects hunters who use these lands and they are not being considered enough. Remember the economic impacts they have on Utahs and our nations economy. They should be considered.

PAGE 1: How do we clean this up?

Q1: Snowbird's CEO Bob Bonar gave Commissioner Ellertson \$3500 in 2012. Now Snowbird wants to negotiate with our county.

Other (please specify)

I believe charges should be pursued against Ellertson. This is only one of countless examples of how our government is corrupt. I believe there should be investigations into any and all money received by Mountain Accord AND AFC Vision, and charges should follow accordingly.

Q2: AFCVision received \$50k from Snowbird they should

Return the money

Q3: How important is it to you that elected officials disclose any conflicts of interest specific to Snowbird

(no label)

Critical it happen

Q4: How much trust do you have in elected county commissioners ability to make the right decisions?

A little trust

Q5: How much trust do you have in elected mayor ability to make the right decisions?

A little trust

Q6: In what city do you live?

Lehi

Q7: What would you like to see happen as the processes move forward?

Charges should be pursued to elected officials who accepted money from Snowbird, AFC Vision and who are on the "Stakeholders" list of same.

Q8: How did you first hear of Snowbirds plans to expand into American Fork Canyon?

From a friend

Q9: What are the challenges facing American Fork Canyon that you would like to see addressed?

I am an avid ATV and 4x4 driver in AFC. However, I would like to see some kind of restrictions on how ATV Riders and groups speed through the canyon above Tibble Fork. Perhaps a speed limit of some kind?

Now, having said that - I would also like to see American Fork Canyon remain in the same state it currently is - allowing freedom to those who access it without regulation.

Q10: Is expanding parking at Tibble Fork a good thing or a bad thing? How many vehicles should be limited in that area?

I believe it should remain the way it is. It is kind of self-regulated on how many people come into the area. If the parking lot is expanded, more people will come. Those that come up already expect it to be crowded and they still find somewhere to park whether it be above the Tibble Fork parking lot, or above.

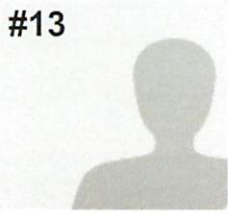

Q11: Do you have any other comments, questions, or concerns?

I still cannot believe that there is an entity outside of Utah County who is attempting to take control of an area outside of their jurisdiction. Even at that, how can MA claim ANY kind of jurisdiction? I believe there should be a full out investigation and audit of Mountain Accord and AFC Vision, as well as Save Our Canyons and all parties involved - Snowbird as well, since they seem to be funding a large portion to let MA exist.
